PATIENT CONSENT FOR ELECTRONIC HEALTH INFORMATION
EXCHANGE

In an effort to improve patient care, Middlesex Medical Associates is now capable of retrieving and sharing medical documentation through a health information search engine. This search engine, PRISMA (patient record information search module aggregator), is an electronic network that connects participating primary care providers, specialists, clinics, urgent care centers and hospitals allowing access to a patient's external medical records.

I, _____, give Middlesex Medical Associates consent to access my external medical records through the PRISMA system.

Patient signature _____ Date _____

I decline the use of PRISMA electronic network.

Thank you,
Middlesex Medical Associates
